

Macklin Business Photography

Google is the #1 search engine and I can help your Winnipeg business stand out by setting up your Google Places page and adding Google Business Photos.

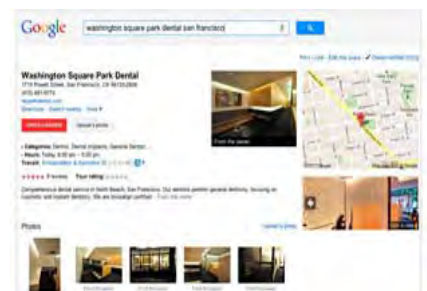

Stand out on Google search results

View your images on Google Maps

Enhance your Google Place page

Amazing Opportunity!

Google is inviting Winnipeg businesses to apply to have a Google Trusted Photographer come and take interior shots of the business, restaurant or store. Although the Business will own these images, they will appear on Google searches, Google Maps, and Google Places

Hartley Macklin, Google Trusted Photographer

As a Google Trusted Photographer I will work with you to schedule and shoot your business. Photo shoots are quick, non-disruptive, and personalized.

Add a virtual tour

Bring your business to life with a 360-degree, interactive tour. Showcase all the details that your customers love. Perfect for restaurants, retail shops, gyms, salons, and more!

Engage with your customers

Your customers can walk around, explore, and interact with your business like never before. Customers will be able to truly experience your business - just like being there!

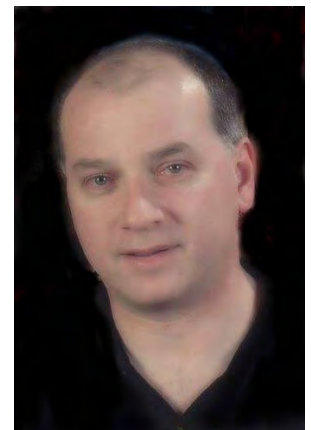

Share with the world

Not only will these images appear on Google searches, Google Maps, and Google Places, but you can easily embed these images on your own website, social media pages, and more!
